Work Experience

WebDev & Design | 2022-2023

As a Web Shop Developer for company “**Icon Plastics Pty Ltd**”, I contributed to the creation and enhancement of e-commerce platforms, ensuring a seamless online shopping experience. Proficient in HTML, CSS, and JavaScript, I played a key role in developing and optimizing features such as product catalogs, shopping carts, and secure payment gateways. Through my technical expertise and dedication, I actively addressed challenges, stayed abreast of industry trends, and contributed to the success of the web shops, providing users with reliable and engaging online interactions.

WebDev & Design, Prepress | 2016-2021

In my role as a Senior Web and Graphic Designer, I led the conceptualization and execution of visually compelling designs for both digital and print media. Collaborating closely with cross-functional teams, I played a pivotal role in translating complex ideas into engaging layouts, ensuring brand consistency and high-quality design solutions. Proficient in Adobe Creative Suite, I provided mentorship to junior designers, implemented advanced web design principles, and contributed to a seamless user experience across multiple platforms.

Companies: “Play Team”, “Magali d.o.o.”, “Footprint”, “Atisnet”, “Helveticom Agency Sa”.

WebDev & Design, Photographer | 2007-2015

In my role as a Web and Graphic Designer, I actively contributed to the creation of visually appealing designs for both digital and print media. Working closely with the design team, I assisted in translating concepts into engaging layouts. Proficient in Adobe Creative Suite, I played a key role in maintaining brand consistency and collaborated with cross-functional teams to deliver high-quality design solutions. Responsibilities included supporting senior designers, learning and applying web design principles, and ensuring a seamless user experience across various platforms.

Companies: “Auto Shop magazin”, Pressroom “Grafix”, Kubat B. V., Kraft.ba, SW Technology, Photo studio “Lik”.
