EXPERIENCE

Icon Plastics - Web Developer

Hallam, VIC • 01/2022 - 03/2023

- Responsible for designing a user-friendly and visually appealing online store that showcases the factory's products. They create layout designs, product pages, and navigation structures that make it easy for customers to browse and purchase items. Their tasks also include optimizing the design for mobile devices, ensuring brand consistency, and collaborating with designer to implement functional e-commerce features.

"Helveticom Agency" Creative agency - Digital Designer & Developer (team leader)

Genève • 01/2021 - 02/2022

- As a Team Leader in a creative agency in Switzerland, I've led a team in creating innovative digital solutions, combining strong visual design with technical execution. My role includes overseeing the design and development of websites, interactive campaigns, and digital products, ensuring they meet client goals and high-quality standards. I've collaborated with designers, developers, and strategists, manage project timelines, and guide the creative and technical direction from concept to launch.

"Atisnet" Creative agency - Digital Designer & Developer

Brcko • 04/2019 - 11/2020

- At Creative Agency "Atisnet", I've been responsible for designing and developing engaging digital experiences across websites, landing pages, and interactive media. I've transformed creative concepts into functional digital solutions, combining visual design with front-end development. My tasks include UI/UX design, coding responsive layouts, optimizing performance, and collaborating closely with the creative and marketing teams to deliver high-quality, on-brand digital content.

"Footprint" Print & gift shop - Graphic Designer, Prepress

Brcko • 09/2018 - 11/2019

- As a Graphic Designer and Prepress Specialist at "Footprint", I've design custom graphics for various printed products such as flyers, business cards, packaging, and personalized gifts. My tasks include preparing print-ready files, ensuring color accuracy, layout precision, and proper file formats for different printing methods. I've work closely with clients to bring their ideas to life and coordinate with the print team to ensure high-quality production and timely delivery.

"Magali" Creative agency - Digital Designer & Developer

Banjaluca • 02/2016 - 09/2017

- At "Magali", I've have been responsible for designing and building modern, user-focused digital solutions such as websites, banners, and interactive content. My role combines creative design with front-end development to deliver visually compelling and technically sound projects. I've collaborated with the creative team
